

E-LEARNING SPEAKING TEST 2

You will have a problem situation and three options. You will choose the best option and explain the reason.

Situation: You have applied for several job positions and received some offers from employers. You are considering which option would be the great job offer. There are three options:

- + A stable job with upper income, but you must work for night shifts;
- + A favorite job with middle income, but you usually have business travels; and
- + A desk job with lower income, but you only work for 4 days a week.

Note: Video your presentation (2-3 minutes) of the above situation and submit your video before the deadline.
